CONSTRUCTION UPDATES

- Renovation on the roof and floors 20-22 continues.
- The new laundry room and north facing parking lot entrance are on track to be completed and open for use by the end of the month.
- We understand that early construction noise has been a concern for residents. Our contractors are aware of the 8 a.m. construction noise restriction and we are working to keep noise levels low before then. Thank you for continuing to report any concerns to the Management Office.

Important Notice: AT&T Landline Service Ending Soon

Please note that AT&T landlines will no longer be available at Island Terrace after **January 15, 2025**. We are working to help residents with landlines switch to new providers with similar or more affordable plans, while keeping their same phone numbers.

Unless you have talked to him already, please reach out to **George Krupkin** at **847-644-1968** with the following information about your current landline service:

- **Current provider**
- **Monthly bill amount**
- **Plan type**

George will assist you through each step of the transition to ensure you have continued service for your landline phone. Thank you for your cooperation!

PEST CONTROL SCANNING

As part of your relocation process, we'll be inspecting floors for bed bugs. If any are found in your unit, we will need to conduct heat treatments before your move. Here's what to expect:

Specially Trained Detection Dogs: Pest control dogs will be used in inspections. These dogs are trained to detect bed bugs, even in hard-to-reach spots, using their highly sensitive sense of smell.

How to Prepare:

- Clear floor space of clutter.
- Tidy up any housekeeping issues.
- Keep pets outside or in the bathroom during inspections.

Heat Treatments: If bed bugs are found, we can remove them by raising the room temperature high enough to kill them without chemicals. Heat treatments will be scheduled for any units with bed bugs.

*We will be conducting pest control scanning on floors **18 and 19** within the next month. Please look out for notices with more specific timing.*

*If you have any questions, please contact **Linda Hooks** at **773-667-6011**.*

What is Renters Insurance and Why is it Important?

Renters insurance is an affordable way to protect yourself and your belongings. Because POAH doesn't cover personal belongings or liability, having renters insurance can provide valuable protection at a reasonable cost. Here's what it can cover:

- **Damage to Belongings:** Covers losses from fires, storms, and other incidents.
- **Theft Protection:** Reimburses you if belongings are stolen.
- **Liability Protection:** Helps with legal costs if you're sued for accidental damage or injury.
- **Temporary Housing Costs:** Pays extra expenses if you can't stay in your apartment due to damage.

Cost: Renters insurance typically costs around \$30 per month. You can explore options by checking with providers like State Farm, Allstate, or Geico, or by looking at plans on insurance websites like Lemonade.

Don't Forget!

Tuesday, November 5th is Election Day!!!!
